

Puppy Return Policy - Ashihtzu4u

Purchasing a puppy should not be an impulsive decision, and it is our customers' responsibility to understand that they are making a decision for the lifetime of the puppy.

Ashihtzu4u incurs considerable expense and risk when a puppy leaves our home. It is our hope that you make every effort to make it work out and accept that your new family member is a baby needing extra care.

Once we accept the down payment for your puppy all wheels are set in motion for the puppy to begin its journey to become part of your family and cancellation is not possible. The buyer must take responsibility for the decision based on pictures and text messages shared with Ashihtzu4u. There are NO Refunds after the down payment of your puppy is accepted and we are all in agreement that the puppy is what you had hoped it would be. All purchases are final, and there are no returns. Any payments made besides the down payment are also non-refundable. Please see your contract for further details.
